

FCC's Love Bear Ministry

First Christian Church cares about people; we care about children! Years ago we started this ministry to touch the lives of children who spend time in the hospital.

What we do is make stuffed bears—we call them ‘Love Bears’—and deliver them directly to children who are in the hospital for whatever reason. And while we’re there, we let them know that God loves them, we care about them, and we are praying that they will get well soon.
